MESSAGE

India is not a country of the Hindus only. It is a country of the Muslims, the Christians and the Parsees too. The country can gain strength develop itself only when the people of the different communities in India live in mutual goodwill and harmony. It is my earnest hope and prayer that this centre of life and light which is coming into existence, will produce students who will not only be intellectually equal to the best of their fellow students in other parts of the world, but will also live a noble life, love their country and be loyal to the Supreme ruler.
